WORK EXPERIENCE

Bradbourne Digital - *Software Engineer*   Feb. 2019 – Present
- ❖ Part of a team of 8 developers delivering scalable, cloud first, web and mobile applications primarily working
- ❖ with React, React Native, Firebase, Gatsby and Cypress.
- ❖ Delivered two production applications alone, one primarily for web, for a recruitment company and the other a mobile survey promoting sexual and relationship education in Asia. The recruitment company had no online presence previously, an instant impact was made on business due to the ability for users to use social logins, cutting down signup time dramatically. Mobile app is now rolled out across two continents.
- ❖ Led small team of two-three developers for various stages of multiple production applications.
- ❖ Regular training courses, conferences and code reviews with senior members of the team.

Coding Coach - *Volunteer Mentor*   Aug 2020 - Present
- ❖ I help people looking to break into the tech industry. Seen as though I have relatively recently gone through the process I am in a good position to help those looking for their first role. I offer my help with a solid learning path and strategy as well as general networking and career advice.

Focus Digital - *Consultant*   March 2018 – Feb 2019
- ❖ Designed and built simple websites for small to medium sized companies using WordPress custom themes.
- ❖ Manipulated custom theme with CSS.
- ❖ Worked with a small freelance team including designer, developer, photographer and a project manager.
- ❖ Used version control within the team to collaborate and release new features.

Frontline Taxis LTD - *Manager*   2006 – March 2019
- ❖ Installed, set up and pro-actively monitored 100+ driver applications on iOS and Android devices.
- ❖ Created, deleted and maintained user accounts on specialist third party software.
- ❖ Managed social media accounts across various platforms, increasing response rate from 23% to 100%. Average response time was reduced from 1day to 1 hour.
- ❖ Maintained and troubleshot 6 workstations in the head office as well as a further 2 remote workstations.
- ❖ Optimised workflow by implementing hardware and software upgrades to increase performance and efficiency.
- ❖ Out of hours technical support on an on-call basis.

Freelance - *Writer*   2006 - 2013
- ❖ Extensive networking to secure clients.
- ❖ Negotiated rates and deadlines for time sensitive projects.
- ❖ Reporting and invoicing.
- ❖ Built an online portfolio for better presence and to aid with securing new clients.
